

KL: Generations Prayer

God Almighty, we come before you now in prayer, and recognise that you are Lord and King over all things.

We thank you for everything that you have done for us; for giving us life, salvation, and a relationship with you.

We confess that this week we have made choices that have not pleased you; please forgive us for them.

We ask that by your Holy Spirit, you help us to be more and more like Jesus every day, in the way that we think, in the words that we say, and the things that we do.

May we, as individuals and as a church, continue to alert people to the universal reign of God through Christ each day.

Amen
